Overall Monthly
Tasks:

- Read 3 Books
- Run 2 miles
- ...
- etc.

Search overlay

• Sidenote: Could even add a collection within the index automatically for anything with a tag.

- For example anything with the #books tag, would be auto added to said index.

Settings overlay

could change
to disabled.

Settings

- Customize colors
 - Main
 - Alternate
- Add background
 -
- Enable Quotes
 - ☒ Enabled

accept color types
hex, RGB, etc.
Maybe have suggested
pairings too.
